Minutes: The minutes of the last meeting were accepted as a true record. Proposed J. Williams, seconded F. Henniker.

The Chairman introduced the speaker for the evening Barbara Trafford the founder member of the A.D.I. Federation.

Barbara started her presentation by giving a brief history of the reasons bringing about the start of the Federation, then proceeded with the use of screen presentation, to outline the D.S.A.'s case and the Instructors objections, to the introduction of H.P.T. and requalification needs for Instructors to take their part 1 qualification again.

It was reinforced that there was no objection to C.P.D. but only in a positive way. A way in which it could be proved to be to the instructor and industry's benefit. And not to the D.S.A.'s gratification as at present.

A very interesting debate took place with good instructor participation. The presentation ended at 2130hrs. The Chairman thanked Barbara for a very interesting and entertaining evening.

After a short break a report was given on the recent Customer Focus Group, and the published Test Routes by the D.S.A. were notified to the membership.
